

#Bug01

Title: "Add to Cart" button missing despite items displayed as in stock

Description:

The "Add to Cart" button is missing in the item info page for "Faded Short Sleeve T-Shirts" despite the item being listed as In Stock with a stock quantity of 3954 items.

Steps to reproduce:

1. Go to <http://www.automationpractice.pl/index.php>
2. Click "T-shirts" button in nav bar
3. Click "Faded Short Sleeve T-shirts" item
4. Select a Size (e.g., "L")
5. Select a Color (e.g., orange or blue)

Expected Results:

The "Add to Cart" button should be displayed, allowing the user to add the product to their cart when the item is in stock.

Actual Results:

The "Add to Cart" button is missing.

Environment: Prod

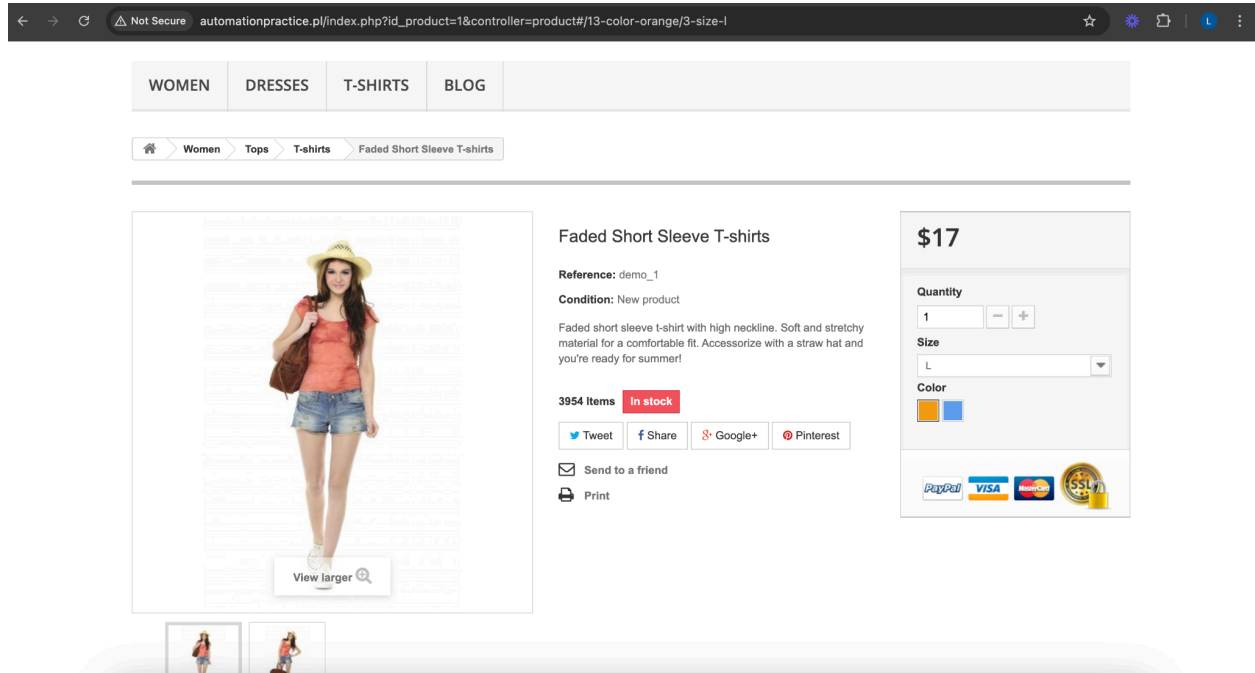

Device: Macbook Air 13"

OS Version: macOS 15.0.1

Viewport: 1470px × 746px

Browser: Chrome 131.0.6778.86

#Bug02

Title: "Add to Cart" button disappears after multiple visits to the Items info page

Description:

The "Add to Cart" button disappears when the user visits the same product page multiple times in a session. The user needs to refresh the page to see "Add to Cart" button.

Steps to reproduce:

1. Go to <http://www.automationpractice.pl/index.php>
2. Search "Printed Chiffon Dress"
3. Click the first item that is displayed
4. Select a Size (e.g., "M")
5. Select a Color (e.g., orange or blue)

6. Repeat Steps 2-5 multiple times

Expected Results:

The "Add to Cart" button should always be displayed on the product page, regardless of the number of visits.

Actual Results:

The "Add to Cart" button disappears after multiple visits to the same product page

Environment: Prod

Device: Macbook Air 13"

OS Version: macOS 15.0.1

Resolution: 1470px × 956px

Viewport: 1470px × 746px

Browser: Chrome 131.0.6778.86

#Bug03

Title: Irrelevant items displayed in search results for 'dress'

Description:

When searching for items with "dress" in the name, irrelevant products (e.g., "Blouse") that do not contain the word "dress" in their name are displayed in the search results.

Steps to reproduce:

1. Go to <http://www.automationpractice.pl/index.php>
2. Search "dress"

Expected Results:

Only items containing the word "dress" in their name should appear in the search results.

Actual Results:

Items that do not contain the word "dress" (e.g., "Blouse") are displayed in the search results, alongside relevant items.

Environment: Prod

Device: Macbook Air 13"

OS Version: macOS 15.0.1

Resolution: 1470px × 956px

Viewport: 1470px × 746px
